

GRAMA VALARCHI

Activity report 2013-14

1. Education support center

One education support center was run in adambakkam and uthiramerur with 20 and 40 number of children from this classes benefitting respectively. The children's skills were evaluated and tracked to see marked differences with remedial classes through individual attention for every one of them present.

2. Tata Engage

Tata engage did Kalvi thiruvizha program in association with Gramavalarchi were in which 40 children were targeted to eradicate English illiteracy and 20 of them were focussed to overcome computer illiteracy. Science experiments were exhibited for these downtrodden backward little children of Uthiramerur to invoke a sense of enlightenment or interest towards everyday science.

GRAMA VALARCHI

Activity report 2014-15

1. Astronomy visit

Achiever's trust partnered with Gramavalarchi to take the students of the Adambakkam center for an one day tour to **Birla Planetarium** with the idea of instigating the science appetite for the young minds.

2. Eureka spark

Skill Progress through evaluation and Remediation for Kids [SPARK] a program designed by Aid India was implemented in Uthiramerur in 30 villages whereby the skills of the children have been improved drastically. Learning Festival was held in the February month for the kids of this program paved the way to showcase their talent to the local public.

3. ASER

Gramavalarchi joined hands with Pratham the organisation behind the Annual Survey of Education Report. Its a nationwide survey and we are happy to have been involved with them in evaluating the students of the Kancheepuram district which consists of 19 villages for the report of the year 2014 -2015. A detailed well planned training was initially held for the coordinators which was then transferred to the actual surveyors in another equally organised training which resulted in the effective study of the children.
